

Bryan Pennington – Bio

Bryan Pennington joined the Los Angeles County Metropolitan Transportation Authority (LACMTA) in December 2011. He is the Executive Director, Engineering and Construction for the Engineering and Construction Department.

Bryan's career has spanned more than 35 years and he has extensive program and construction management experience that has focused on managing large, multi-disciplinary teams through all stages of the project life cycle; from Planning to Conceptual Design and Engineering through Project Commissioning and Handover. His career has been predominantly in the transit field, although he has experience in highways, and rail projects. He has extensive experience of tunneling in urban contexts.

He has lived in North America for the last 16 years and before that he lived and worked in a number of countries throughout the world. He has worked for transit agencies, consultants and contractors and, at one time, he also owned and operated a niche transit consultancy.

Bryan is responsible for LACMTA's multi-billion dollar budget for Transit, Highway, Regional Rail, and Capital Projects.
