

BUILDING FOR STUDENT SUCCESS AT LACCD

Thursday, March 21, 2024 - 11:30am-1:30pm

About the Program:

LACCD has made important progress on its bold initiative to provide critically needed housing and support for the region's students and communities. Please join us to hear from the leaders guiding the efforts to plan and build the first three housing projects on District campuses as well as other important upcoming facilities. They will share the District's next steps in the process, and how the AEC community can get involved to support student success in the nation's largest Community College District.

Moderator:

Saif Vagh
Associate Principal
NAC Architecture

Speakers:

Dr. Rueben Smith
Vice Chancellor and Chief Facilities Executive
