

Asian American Architects/Engineers Association Presents:

AAa/e

Building a Sustainable and Reliable Water Infrastructure Supply for Southern California's Future Metropolitan Water District of Southern California

Thursday, March 24, 2016 - 11:30am-1:30pm

About the Program:

California is experiencing a serious drought and our state will be challenged to meet its water needs in the upcoming years. These historic drought conditions are likely to have significant impacts on our communities, economy, and environment.

The Metropolitan Water District of Southern California (MWD) is exploring the potential of a water purification project to beneficially reuse water currently discharged to the Pacific Ocean for recharge of regional groundwater basins. Under a partnership with the Sanitation Districts of Los Angeles County, Metropolitan would build a new purification plant and distribution lines to groundwater basins in Los Angeles and Orange counties. The program would represent the first in-region production of water by Metropolitan. Diversifying the region's water supply sources, advancing conservation and maintaining imported supplies are all part of Metropolitan's long-term Integrated Water Resources Plan.

Leading professionals from MWD will be presenting on the Regional Recycled Water Supply Program

Don't miss this opportunity to learn about this important program and the associated upcoming contract opportunities for the entire AEC community.

Panelists:

Debra C Man, P.E., Assistant General Manager /Chief Operating Officer, MWD

John Bednarski, P.E. Manager, Water Supply Initiatives Section, MWD

John Arena, Manager, Business Outreach Program, MWD

Time/Location:

Thursday March 24, 2016
11:30am-1:30pm
The Doubletree Hotel
120 S. Los Angeles Stret
Los Angeles, CA 90015

Cost:

Members: \$55
Non-Members: \$85
Student Members: \$20 w/ID
On-site Reg & Changes: Add \$15

Sponsorship Opportunities:

Event Sponsor: \$375 | Premier Sponsor: \$650 | Spotlight Sponsor: \$1200
