**About the Webinar:**

Special Conversation with Industry Leaders. On Feb. 11, 2020 what we had heard about the novel coronavirus was quickly renamed what we now know as COVID-19. It didn't take long for COVID-19's outbreak to affect the construction industry which has forced us to re-evaluate how we build. Hear from 4 public agencies on how they are managing and navigating internally and their predictions of the future. Join us as LACCD, LACDPW, LBUSD and LA Metro share how they are adapting to the new normal.
