INDUSTRY INSIGHTS: WOMEN LEADERS DRIVING TRANSPORTATION PROJECTS

Thursday, November 4, 2021 – 1:30pm-2:30pm

Moderator:

Kimberly Ong
Executive Officer and Project Director
Los Angeles County Metropolitan Transportation Authority

Panelists:

Stephanie Blanco
Capital Projects Manager (Toll)
Riverside County Transportation Commission

Rose Casey, P.E.
Director, Highway Programs
Orange County Transportation Authority

Christy Connors, PE, PMP
Deputy District Director - Construction
District 08, California Department of Transportation

Paula Beauchamp
Director of Project Delivery and Toll Operations
San Bernardino County Transportation Authority

About the Program:

This AAa/e panel highlights women leaders who are paving the way one project at a time. Nationally, women only make up 10% of all the people working in construction. Within the transportation market, women continue to be underrepresented in management and construction-related positions. This dynamic line-up features women in leadership positions that are breaking barriers. Women who are changing and challenging the norms. We will discuss their portfolios, how they got to leadership positions, how the industry can actively recruit, hire, and promote diversity, and their predictions on the future of the transportation industry and the opportunities that lie ahead for the AEC community.
