About the Program:
Ever since Katherine Wright took to the air in 1909 with her famous brothers Wilbur & Orville, many women have made significant contributions to the field of Aviation. At present, women often remain underrecognized and underrepresented in the Aviation Industry's technical and leadership roles. Our Women in Aviation Program intends to shine a spotlight on these amazing women leaders in our local aviation industry. AAa/e is proud to showcase how these women leaders in our industry manage personal and professional growth – as well as their pathways to finding success. Join us as our Aviation Clients share their personal experiences and provide encouragement and support for women in all Aviation career fields.

Date & Time:
Thursday, May 6, 2021
1:30pm-2:30pm

Location:
Online: Zoom link will be provided

Cost:
Members: $25
Non-Members: $55
